

Franco-German Business Conference

## THE IMPLEMENTATION OF THE PARIS AGREEMENT ON CLIMATE CHANGE

**Franco-German cooperation as a driver for energy  
transition and clean technologies**

Embassy of France in Germany, Berlin  
Tuesday, 14<sup>th</sup> June 2016

### ▶ YOU ARE...

- Active in the field of renewable energies, energy efficiency, smart grid, energy storage or green mobility
- A developer or researcher for innovative technologies in these fields
- An industrial company interested in these fields to increase your contribution to the energy transition
- An expert of green technologies or the energy transition, etc.

### ▶ YOU WOULD LIKE TO...

- Learn more about the different strategies to respond to the demands of the Paris Agreement and the business potential offered by the energy transition
- Exchange on the implementation of the Paris agreement, the experiences and innovation potentials
- Establish significant contacts in Germany and France for your projects, etc.

IN PARTNERSHIP WITH:

## PROGRAM

- Next step, implementation: the contribution of energy transition to the Paris agreement on climate change?
- The contribution of industrial companies and start-ups in the transition towards a low carbon economy: sources for innovation and disruption?
- Energy transition reshaping business models: What do the opportunities look like?
- Financial industry - facilitating clean technology development & investment?
- Which potential for cooperation between French and German actors?

### These and more questions will be addressed through

- Interactive discussions with high-level speakers
- B2B speed dating sessions
- Franco-German Innovation Award
- Networking cocktail
